PROFESSIONAL SUMMARY

Web & Application Developer with **6+ years of total professional experience**, including **4+ years of specialized full-stack web and application development**. Proven expertise in building and deploying offline-first Electronic Data Collection (EDC) systems using **CPro 8.x, CSEntry, and CSWeb**, alongside institutional portal administration using **WordPress, PHP, MySQL, and JavaScript**. Skilled in writing custom CPro procedural logic, configuring LAN data synchronization, managing institutional CMS infrastructure, executing technical SEO, and building CRM automation workflows.

TECHNICAL SKILLS

- **Data Collection & Management:** CPro 8.x, CSEntry Mobile, CSWeb 8.0, CPro Procedural Logic, Data Dictionaries (.dcf), Form Design (.fmf), Data Synchronization, Validation Rules, Staging Buffers.
- **Backend Development:** PHP, MySQL, REST API Integration, JSON, AJAX, Webhooks, Apache HTTP Server, Relational Database Management.
- **CMS & Web Platforms:** WordPress (Custom Themes, Custom Plugins, CMS Architecture, Security, Backups), Elementor, WooCommerce.
- **Frontend Technologies:** HTML5, CSS3, JavaScript, jQuery, Bootstrap, Responsive UI/UX Design.
- **CRM & Automation:** HubSpot CRM, Lead Workflows, Form Webhook Automation, Zapier.
- **Analytics, SEO & Tools:** Google Analytics 4 (GA4), Google Tag Manager (GTM), Technical SEO, Core Web Vitals, Git, GitHub, cPanel, DNS, SSL.

PROFESSIONAL EXPERIENCE

Web & Application Developer

ICMR-National Institute of Research in Tribal Health (NIRTH) via Raygain Technologies Jun 2023 –

Present | Jabalpur, MP, India

- Developed and maintained offline-first Electronic Data Collection (EDC) applications using **CPro 8.x** and **CSEntry** for research surveys across the institutional campus network.
- Programmed complex **CPro procedural logic** (postproc, multi-level validation rules, conditional constraints, automated skip patterns, and error prompts) to eliminate manual entry errors.
- Configured, deployed, and managed an on-premise **CSWeb 8.0 server** (Apache, PHP, MySQL) over local LAN (172.16.x.x) for centralized data synchronization and management.
- Engineered local staging workflows with external buffer dictionaries (INDEX_EXT_DICT) to securely store offline cases, verify server connectivity, and handle automated synchronization fallbacks.
- Led the continuous development, maintenance, and content administration of the official **ICMR-NIRTH website** (nirth.res.in) and scientific conference portals.
- Regularly managed dynamic institutional updates, tenders, recruitments/vacancies, scientific publications, staff directories, and circulars using **WordPress, PHP, MySQL, HTML5, CSS3, and JavaScript**.

- Maintained server health, automated backups, DNS records, SSL certification, technical SEO, and site performance tracking using **Google Analytics 4** and **Google Tag Manager**.

WordPress Developer

MBG Card Pvt. Ltd. Aug 2022 – May 2023 | India

- Built, customized, and maintained responsive WordPress websites aligned with commercial business requirements.
- Developed custom WordPress themes, child themes, and modular plugins using **PHP, MySQL, HTML, CSS, and JavaScript**.
- Integrated website lead-capture forms with **HubSpot CRM** and configured automated marketing workflows.
- Optimized website performance through caching mechanisms, image compression, CDN setup, and technical on-page SEO.

CRM Assistant / Web Support

Stock Holding DMS Ltd. 2020 – 2022 | India

- Managed CRM operations, operational reporting dashboards, and internal database record updates.
- Assisted cross-functional teams with technical support, database synchronization checks, and process troubleshooting.

KEY PROJECTS

- **CSPPro & CSWeb Data Collection System (ICMR-NIRTH):** Architected an offline survey data pipeline utilizing CSPPro 8.x procedural validation, external buffer dictionaries, and an on-premises CSWeb 8.0 LAN sync server.
- **ICMR-NIRTH Institutional Portal (nirth.res.in):** Full-cycle development, management, tender/vacancy feeds, and maintenance of the research institute's web infrastructure.
- **INBIX 2025 Conference Portal (inbix2025.icmrnirth.org):** Built a responsive conference registration platform integrated with GA4 tracking.
- **Commercial Web Projects:** Developed high-converting platforms for Hotel Spiti Valley and Bungalows in Lonavala featuring booking inquiry workflows, local SEO, and CRM integration.
